

## Management's Responsibility for Financial Statements

We, the management team of Rockwell Collins, are responsible for the preparation, integrity and objectivity of the financial statements and other financial information we have presented in this report. The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, applying our estimates and judgments.

Deloitte & Touche LLP, our independent registered public accounting firm, is retained to audit our financial statements. Their accompanying report is based on audits conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), which include the consideration of our internal controls to determine the nature, timing and extent of audit tests to be applied.

Our Board of Directors exercises its responsibility for these financial statements through its Audit Committee, which consists entirely of independent, non-management Board members. The Audit Committee meets regularly with the independent registered public accounting firm and with the Company's internal auditors, both privately and with management present, to review accounting, auditing, internal control and financial reporting matters.

## Management's Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. Rockwell Collins' internal control over financial reporting is a process designed, under the supervision of the Chief Executive Officer and Chief Financial Officer, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. Our internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of Rockwell Collins; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and that our receipts and expenditures are being made only in accordance with authorizations of Rockwell Collins' management and directors; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on the consolidated financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of Rockwell Collins' internal control over financial reporting as of September 28, 2007. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control-Integrated Framework*. Based on this assessment, management determined that Rockwell Collins, Inc. maintained effective internal control over financial reporting as of September 28, 2007.

Management's assessment of the effectiveness of Rockwell Collins' internal control over financial reporting as of September 28, 2007 has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report which is included herein.
