

## DAGR Accessories

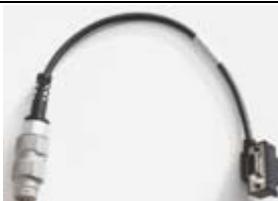

*\*All accessories listed below are compatible with 822-1873-001 and 822-1873-002.*

MOUNTS AND CASES		
DAGR Installation Mount  987-5006-001 (NSN 5975-01-521-3063)	<ul style="list-style-type: none"> <li>▪ Used to install the DAGR in a host platform</li> <li>▪ Secures DAGR with metal spring loaded plungers</li> <li>▪ Clearance provided for data, antenna and power cables</li> <li>▪ Key fill port accessible while in mount if keyfill adapter bracket and cable are installed; see accessories below for part numbers</li> <li>▪ The DAGR installation mount adapter (987-5007-001) is required if additional clearance is required from the host platform</li> </ul>	
DAGR Installation Mount Adapter  987-5007-001 (NSN 5340-01-521-4394)	<ul style="list-style-type: none"> <li>▪ The installation mount adapter can replace the bracket on the back of the installation mount in those installations that require an approximate 1 1/2 " additional clearance from the host platform</li> <li>▪ Order this adapter in conjunction with the DAGR installation mount (987-5006-001)</li> </ul>	
Helmet Antenna Mount  013-1928-020 (NSN 5825-01-469-6033)	<ul style="list-style-type: none"> <li>▪ Green nylon pouch holds the RA-1 antenna (013-1981-010) to a helmet</li> <li>▪ Elastic straps and metal clips fasten to rim of helmet</li> </ul>	
DAGR Cartridge/Trouser Belt Adapter  987-4970-001 (NSN 8465-01-522-5638)	<ul style="list-style-type: none"> <li>▪ Attaches to the DAGR for mounting the unit to a cartridge/trouser belt</li> </ul>	
DAGR Personnel Case  987-5010-001 (NSN 5895-01-521-3111)	<ul style="list-style-type: none"> <li>▪ Green, non-rigid, nylon bag</li> <li>▪ Adjustable shoulder strap</li> <li>▪ Two web belt clips</li> <li>▪ Pockets to hold DAGR accessories, such as: spare battery magazine, DAGR-to-DAGR cable and quick reference guide</li> </ul>	

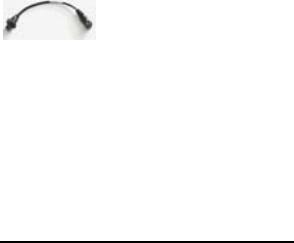

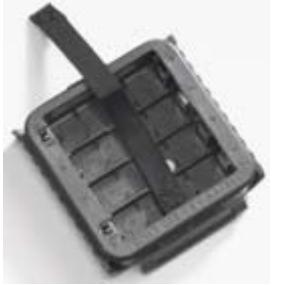

DAGR Flip Down Personnel Case  021-0801-010/020/030 (NSN TBA)	<ul style="list-style-type: none"> <li>▪ Digital camo (-010), coyote (-020) and green (-030)</li> <li>▪ MOLLE compatible</li> <li>▪ Flips open and fastens when not open</li> <li>▪ Easy access to connector ports</li> <li>▪ DAGR not included</li> </ul>	
Keyfill Cable Adapter Bracket Kit  987-6323-001 (NSN 5935-01-521-3067)	<ul style="list-style-type: none"> <li>▪ The keyfill cable adapter bracket is used along with the DAGR Installation mount for securing either the crypto keyfill cable or the PLGR/SINGARS cable adapter</li> <li>▪ Used in conjunction with the DAGR installation mount adapter (987-5007-001) and the crypto keyfill cable (987-5180-001)</li> </ul>	
Clamp, Loop-Hole  987-7676-001 (NSN TBA)	<ul style="list-style-type: none"> <li>▪ Clamps onto azimuth determination system pole to mount the installation mount (987-5006-001) to</li> </ul>	
Case, Azimuth Determination System  021-0716-030 (NSN 5895-01-549-8450)	<ul style="list-style-type: none"> <li>▪ Case is intended for use with the azimuth determination system (987-6280-002); case is pressurized and has cut-outs inside for all equipment</li> </ul>	
<b>EXTERNAL ANTENNAS</b>		
RA-1 Magnetic Mount Remote Antenna  013-1981-010 (NSN 5985-01-502-6692)	<ul style="list-style-type: none"> <li>▪ Antenna for tracking L1 &amp; L2 signals, magnetic or hard mounted with SMA connector; also functions as the helmet antenna</li> <li>▪ Magnet rated to 70 miles per hour</li> </ul>	
RA-2 Remote Antenna  013-1981-020 (NSN 5985-01-521-1775)	<ul style="list-style-type: none"> <li>▪ Antenna for tracking L1 &amp; L2 signals</li> <li>▪ Hard mount with four bolt mounting</li> <li>▪ Bottom mount TNC (F) connector</li> <li>▪ O-ring included</li> </ul>	

		
Azimuth Determination Survey Grade Antenna  013-1962-040 (NSN 5985-01-550-0960)	<ul style="list-style-type: none"> <li>▪ Survey grade antenna for tracking L1 &amp; L2 signals, with TNC connector</li> <li>▪ 3.3 VDC</li> <li>▪ TNC connector (F)</li> <li>▪ Pole not included with antenna</li> </ul>	
<b>CABLES</b>		
DAGR to RA-1 Cable (5m with SMA connector)  987-4640-001 (NSN 5995-01-504-1762)	<ul style="list-style-type: none"> <li>▪ Use with remote antenna with SMA connector (RA-1)</li> <li>▪ The DAGR to RA-1 cable provides for connection between the DAGR and a RA-1 antenna</li> <li>▪ SMA plug (M) connector</li> <li>▪ Right angle SMA plug (M)</li> <li>▪ 5 meters</li> </ul>	
DAGR to RA-1 Cable (10m with SMA connector)  987-5016-001 (NSN 5995-01-521-4244)	<ul style="list-style-type: none"> <li>▪ Use with remote antenna with SMA connector (RA-1)</li> <li>▪ The DAGR to RA-1 cable provides for connection between the DAGR and a RA-1 antenna</li> <li>▪ SMA plug (M) connector</li> <li>▪ Right angle SMA plug (M)</li> <li>▪ 10 meters</li> </ul>	
DAGR to RA-2 Cable (10m with TNC connector)  987-5015-001 (NSN 5995-01-521-2941)	<ul style="list-style-type: none"> <li>▪ Use with remote antenna (RA-2) with TNC (M) connector</li> <li>▪ TNC plug (M) and right angle SMA plug (M)</li> <li>▪ 10 meters</li> </ul>	
DAGR to Helmet Antenna Cable  987-7002-001 (NSN 5995-01-521-6753)	<ul style="list-style-type: none"> <li>▪ The DAGR/helmet antenna cable provides for connection between the DAGR and the RA-1 helmet antenna</li> <li>▪ Two right angle SMA plugs (M)</li> <li>▪ Breakaway feature</li> <li>▪ 1.5 meters</li> </ul>	

DAGR to DAGR/PLGR Cable  987-5011-001 (NSN 5995-01-521-2713)	<ul style="list-style-type: none"> <li>▪ The DAGR/DAGR/PLGR cable provides for connection between two DAGRs or between a DAGR and a PLGR</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 1 meter</li> <li>▪ Transfer data includes: setup, waypoints, routes, alerts, time, satellite data, position data and maps</li> <li>▪ Field reprogrammability of receiver application software</li> </ul>	
DAGR to PC Cable  987-5012-001 (NSN 5995-01-521-3198)	<ul style="list-style-type: none"> <li>▪ The DAGR-to-PC cable provides for connection between a DAGR and a PC</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 9-pin D-sub plug (F)</li> <li>▪ 3 meters</li> <li>▪ Field reprogrammability of application software</li> <li>▪ Ability to load maps from a PC</li> </ul>	
J1/COM 3 to PC Cable  426-0231-010	<ul style="list-style-type: none"> <li>▪ The J1/COM 3-to-PC cable provides for connection between COM 3 and a PC serial port</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 9-pin D-sub plug (F)</li> <li>▪ 3 meters</li> </ul>	
Cold Weather Battery Pack Cable  426-0227-010 (NSN 5995-01-533-3421)	<ul style="list-style-type: none"> <li>▪ Cold Weather Battery Pack (CWBP) cable is an external power cable that interfaces the CWBP to the DAGR</li> <li>▪ 3-pin power plug (F) – P1</li> <li>▪ 3-pin power plug (M) – P2</li> <li>▪ 2 meters</li> </ul>	
DAGR to SINCGARS Cable  987-5014-001 (NSN 5995-01-521-3187)	<ul style="list-style-type: none"> <li>▪ The DAGR-to-SINCGARS cable provides for connection between the DAGR and a SINCGARS radio</li> <li>▪ Provides for SINCGARS time fill data input to a SINCGARS compatible device</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 6-pin audio jack</li> <li>▪ 3 meters</li> </ul>	

DAGR to Have Quick Cable  987-5002-001 (NSN 5995-01-521-2680)	<ul style="list-style-type: none"> <li>▪ Provides for data output to a HAVEQUICK compatible device</li> <li>▪ The HAVEQUICK end of the cable has stripped and tinned wires</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 3 meters</li> </ul>	
Crypto Keyfill Cable  987-5180-001 (NSN 5995-01-521-3185)	<ul style="list-style-type: none"> <li>▪ The crypto fill cable provides for connection between the DAGR and the KYK-13, KOI-18 and AN/CYZ-10</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 6-pin audio plug</li> <li>▪ 13 inches</li> </ul>	
Adapter Cable PLGR/SINCGARS  987-5013-001 (NSN 5995-01-521-3182)	<ul style="list-style-type: none"> <li>▪ The adapter cable PLGR/SINCGARS provides for connection between the DAGR and a PLGR SINCGARS cable</li> <li>▪ 15-pin D-sub (F)</li> <li>▪ 6-pin audio plug</li> <li>▪ 10 inches with yellow label</li> </ul>	
PLGR Adapter Cable- External Antenna  987-5017-001 (NSN 5995-01-521-3120)	<ul style="list-style-type: none"> <li>▪ The PLGR cable adapter – remote antenna provides for connection between the DAGR and a PLGR RA cable</li> <li>▪ SMA right angle plug (M)</li> <li>▪ D-sub receptacle with RF (F)</li> <li>▪ 8 inches</li> </ul>	
RS-422 to USB Converter Cable  426-0228-010 (NSN 5995-01-531-5118)	<ul style="list-style-type: none"> <li>▪ The RS-422-to-USB high speed data cable converts data from USB to RS-422 for accelerated loading of the maps functionality</li> </ul>	
Adapter Cable, Bradley Vehicle Data  987-5182-001 (NSN 5995-01-521-3071)	<ul style="list-style-type: none"> <li>▪ The Bradley adapter cable provides an extension of the DAGR J2 connector</li> <li>▪ 15-pin D-sub (F) to 15-pin D-sub (M)</li> <li>▪ 13 inches</li> </ul>	
Spinner  988-9389-001 (NSN 5935-01-534-6963)	<ul style="list-style-type: none"> <li>▪ Extra spinners can be purchased for use on the RF SMA connectors; this spinner provides easy installation and removal of the RF connector</li> </ul>	

DAGR-to-Survey Antenna Cable (9.5 inches with TNC connector)  987-5015-002 (NSN 5995-01-549-8449)	<ul style="list-style-type: none"> <li>▪ For use with survey antenna (013-1962-040)</li> <li>▪ TNC plug (M) and right angle SMA plug (M)</li> <li>▪ 9.5 inches</li> </ul>	
DAGR-to-Survey Antenna Cable (19 inches with TNC connector)  987-5015-003 (NSN TBA)	<ul style="list-style-type: none"> <li>▪ For use with survey antenna (013-1962-040)</li> <li>▪ TNC plug (M) and right angle SMA plug (M)</li> <li>▪ 19 inches</li> </ul>	
Quick Disconnect Cable  988-7042-002 (NSN 5995-01-549-8447)	<ul style="list-style-type: none"> <li>▪ The DAGR/DAGR/PLGR cable provides for connection between two DAGRs or between a DAGR and a PLGR</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 4-pin circular socket (F)</li> <li>▪ 20 inches</li> <li>▪ Transfer data includes: setup, waypoints, routes, alerts, time, satellite data, position data and maps</li> <li>▪ Intended use with azimuth determination system (987-6280-002)</li> </ul>	
Quick Disconnect Cable  988-7043-002 (NSN 5995-01-549-8451)	<ul style="list-style-type: none"> <li>▪ The DAGR/DAGR/PLGR cable provides for connection between two DAGRs or between a DAGR and a PLGR</li> <li>▪ 15-pin D-sub plug (F)</li> <li>▪ 4-pin circular plug (M)</li> <li>▪ 40 inches</li> <li>▪ Transfer data includes: setup, waypoints, routes, alerts, time, satellite data, position data and maps</li> <li>▪ Intended use with azimuth determination system (987-6280-002)</li> </ul>	
<b>POWER OPTIONS</b>		
DAGR External Power Cable Fused (5m)  987-5019-001 (NSN 6150-01-521-6757)	<ul style="list-style-type: none"> <li>▪ Use to connect a DAGR to an external power source</li> <li>▪ DAGR connection can be secured to prevent inadvertent removal</li> <li>▪ Lugs installed on source end of cable</li> <li>▪ 3-pin power plug (F)</li> <li>▪ In-line fuse holder installed</li> <li>▪ 5 meters</li> </ul>	

DAGR Cigarette Lighter Power Cable  987-5008-001 (NSN 6150-01-521-2548)	<ul style="list-style-type: none"> <li>▪ The cigarette lighter power adapter provides for connection between a DAGR and a cigarette lighter</li> <li>▪ DAGR connection can be secured to prevent inadvertent removal</li> <li>▪ 3-pin power plug (F)</li> <li>▪ In-line fuse protected</li> <li>▪ Coiled cord</li> </ul>	
DAGR AC Power Adapter  987-4975-001 (NSN 6130-01-521-3157)	<ul style="list-style-type: none"> <li>▪ Connects the DAGR to an AC power source</li> <li>▪ Compatible voltage: 110 to 240 volts</li> <li>▪ Two prong, North American style plug</li> <li>▪ 3-pin power plug (F)</li> <li>▪ Operates on 50 or 60 Hz</li> <li>▪ 3 meter cord</li> </ul>	
DAGR External Power Cable, Fused (2 m)  987-5009-001 (NSN 6150-01-521-6755)	<ul style="list-style-type: none"> <li>▪ The DAGR-to-external power cable, fused provides for connection between a DAGR and an external power source</li> <li>▪ 3-pin power plug (F)</li> <li>▪ 2 meters</li> </ul>	
Adapter Cable PLGR External Power  987-5020-001 (NSN 6150-01-521-3510)	<ul style="list-style-type: none"> <li>▪ The cable adapter PLGR external power provides for connection between a DAGR and a PLGR external power cable</li> <li>▪ Right angle plug (M)</li> <li>▪ 3-pin power plug (F)</li> <li>▪ 8 inches</li> </ul>	
DAGR Memory Battery  Primary: LS14250 Alternate: 221-0500-030 (NSN 6135-01-435-4921)	<ul style="list-style-type: none"> <li>▪ Used to maintain memory circuits when prime power has been removed</li> <li>▪ ½ AA</li> <li>▪ 3.6 V<sub>DC</sub> lithium cell</li> </ul>	
Spare Prime Power Battery Magazine  987-6641-001 (NSN 6135-01-521-3064)	<ul style="list-style-type: none"> <li>▪ Spare prime power battery magazine is interchangeable with the prime power magazine that is provided with the DAGR</li> <li>▪ 4-AA cells, 1.5 V<sub>DC</sub></li> </ul>	

Cold Weather Battery Pack 987-7050-001 (NSN 6130-01-530-4652)	<ul style="list-style-type: none"> <li>▪ Cold Weather Battery Pack (CWBP) is an external power supply designed for extended use with a DAGR when batteries are the only practical means for power</li> <li>▪ 8-AA cells (consisting of two 987-6641-001), 1.5 V<sub>DC</sub></li> <li>▪ 3-pin power plug (F) on pendant cable</li> <li>▪ 1 amp fuse</li> <li>▪ CWBP requires two spare prime power battery magazines (987-6641-001) that are sold separately</li> </ul>	
<b>ACCESSORY KITS</b>		
Kit, Sub-MIL Azimuth Determination (AD) Dual DAGR Receiver 987-6280-002 (NSN 5985-01-549-7219)	<ul style="list-style-type: none"> <li>▪ The sub-mil AD accessory kit is used to increase accuracy over the AD method of calculating the azimuth</li> <li>▪ Antennas, antenna cables, quick disconnect DAGR-to-DAGR cable and case is included</li> </ul>	
Kit, Azimuth Determination Single DAGR Receiver 987-6279-002 (NSN N/A)	<ul style="list-style-type: none"> <li>▪ The AD single receiver kit is used in the calculation of the azimuth</li> <li>▪ Installation mount, pole clamp for installation mount, antenna, antenna cable and bag are included</li> </ul>
