¹ This is a terrain database that is assembled within Rockwell Collins and covered by a separate LOA.

² This indicates the same Obstacle database for SVS-6000, IFIS-6000, and ATF-3500

³ This indicates a different Obstacle database than SVS-6000, IFIS-6000, and ATF-3500

⁴ The SCID referenced is not that of the MFD-2810, but rather is the SCID for the Situational Awareness (SA) SW Module
