

INTERNSHIP AND CO-OP PROGRAMS

Be part of the innovation.

Even before you graduate, you can gain on-the-job experience to start you on the career path you've always wanted. When your internship or co-op experience is with Rockwell Collins, you'll be an active contributor at a global company that shapes communications and flight technologies in bold new ways.

Building trust every day

# Top 5

reasons to do your  
internship or  
co-op with us.\*

## 1. Plugged-in experience

Join teams and make meaningful contributions on real projects that are in your field of study. You'll get training on the techniques, systems and software of your future career. And you'll have the chance to work with mentors and new colleagues, some of whom are among the most innovative and accomplished in their industry.

## 2. Resources to develop your career

Mentoring. Online classes from Rockwell Collins University. Employee Resource Groups and Communities of Practice that offer networking opportunities in your area of interest. These are just a few of the ways that Rockwell Collins can help you build the career you've always wanted.

## 3. We'll pay for your classes

During each work session at Rockwell Collins, we'll reimburse you for the cost of one of the core college classes you're taking.

*"The co-op program here is set up to help you enjoy your experience. You can network with other co-ops, and there are a lot of leagues and clubs to join."*

Chris Van Buer  
Rockwell Collins systems engineer  
Former systems engineering co-op

\* And these are just the top five. We could keep going.

*“As an intern, I got to prototype an innovative solution with inspiring, top-talent engineers. It was a great opportunity.”*

Victor E. Villagomez  
Rockwell Collins software engineer  
Former Summer Engineering Projects Program intern

## 4. Your apartment is on us

If your home address and most recent campus residence are outside a 50-mile radius from the Rockwell Collins location where you'll work, we can provide you with a furnished apartment near us – and we'll pay your rent and utilities. This benefit varies by location.

## 5. Great social and professional opportunities

Having fun and making the right connections will be part of your experience at our Fortune 500 company. From BBQs, baseball games and bowling to lunch 'n' learn events, an executive leadership speaker series and more, you'll have lots of rewarding ways to get involved.

# Internship and co-op FAQs

**Q:** What's the difference between an internship and a co-op at Rockwell Collins, and who is eligible?

**A:** An internship is a student work experience for high school or college students in any field. A co-op is also a student work experience, but it's just for college students pursuing a degree in engineering or another scientific or technical fields who are specifically interested in taking a semester off from school.

**Q:** How long is an internship or co-op?

**A:** Work sessions are what we call the spans of time you'll be working for us during your internship or co-op.

**Intern work sessions** – generally, you'll work full-time with us during the summer, and we'll encourage you to come back multiple summers. If applicable, you may continue your internship part-time during the school year.

**Co-op work sessions** – you'll take a semester off from school for an immersive, full-time work session with us. Generally, co-ops complete three work sessions with us, alternating between a semester of work and a semester at college.

**Q:** Will I be paid as an intern or co-op?

**A:** Yes! We'll offer you competitive wages, plus outstanding benefits.

**Q:** How do I find out more?

**A:** Visit [www.rockwellcollins.com/careers](http://www.rockwellcollins.com/careers)

**Building trust every day.**

Rockwell Collins delivers smart communication and aviation electronic solutions to customers worldwide.
